Q17 Illinois has 19,000+ residents with disabilities on the PUNS (Prioritization for Urgency of Need for Services) waiting list. Thousands more are waiting for DON (Determination of Need) assessments to become eligible for home and community-based care. What concrete steps will you support to reduce these backlogs and improve Illinois' laggard status (we rank #47) when it comes to home-based disability services for eligible Illinoisans?

First, I would change the PUNS list so it is clear what services people are waiting for and when they require them. I have carried a bill to increase wages for direct support professionals who care for people in their homes and advocated for additional dollars in the state budget. Illinois needs to create more community based services and increase the funding necessary to support those services.
